Re: Sunport Boulevard Extension

Dear Mr. Paniati:

The purpose of this letter is to withdraw the City of Albuquerque's support for the Sunport Boulevard Extension Project from I-25 to Broadway.

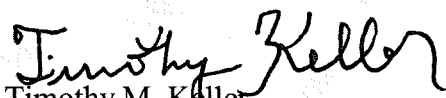

The Sunport Extension Project has raised issues regarding community participation and opposition, concerns about noise and traffic, and the development consequences that would come from the Project. Because those concerns have not been adequately addressed, the Mayor Keller's administration cannot continue to support this Project with its vote on regional transportation authorities and boards.

Best regards,

New Mexico 87103

  
Timothy M. Keller  
Mayor
